

Gabe Amaya

PROFESSIONAL SUMMARY

A self-taught Front-End Web Developer adept in UX/UI design, webpage/app creation looking for a Junior position in a fun and exciting organization.

EXPERIENCE

FRONT-END WEB DEVELOPER/DESIGNER

Gabe Amaya / Web Dev, Kyle, Texas, January 2016 - Present

Uses my strong knowledge of HTML, CSS, JavaScript/jQuery, MVC frameworks & Content Management Systems to develop customized and responsive websites for clients.

Identify and troubleshoots code-related issues and bugs.

Adhere to design standards and other web development specifications to ensure high quality in the development of new sites.

COURT CLERK

Travis County, Austin, Texas, June 2013 - Present

Initiated criminal cases that are indicted in Travis County into the Tiburon system

Prioritized and balanced issuing court documents to defendants in the custody of the state, impaneling the grand jury and acting as a liaison between the local media and the Office of the District Clerk.

Handled administrative and clerical responsibilities including maintaining and organizing court records electronically and manually.

Answered inquiries from the general public in person, email and phone regarding judicial procedures.

PROJECTS

PORTFOLIO SITE

I built my awesome Portfolio site using skills I have been learning over the year which include Bootstrap, HTML/CSS, jQuery with some Photoshop/Illustrator.

GRIND HOUSE COFFEE

Currently working on a small coffee shop's website using advanced Bootstrap, HTML/CSS and Wordpress Skills.

HAYS COUNTY DESIGN

This is going to be my pride and joy. Using Bootstrap 4, advanced HTML/CSS and Wordpress, I am creating a local business site for me to help local business' grow here in Hays.

FLOAT THE GOAT

Built a responsive webpage to help boost exposure and market an event for a client at South By South West.
